**Our Mission:**

is serving, teaching, and reaching out to the lost, the least, and the last from many Unreached people groups. With Jesus as our example, we reach out to people with a holistic gospel that encompasses word and deed, preaching and acts of service and compassion. Our main focus is on the Shan and Karen people groups of northern Thailand. But Christ's love compels us to serve people, without regard to people group identity. So we serve those who live in poverty or suffer persecution. We assist the families of people dying from terminal illnesses, such as HIV/AIDS, and provide hospice care for the dying. We care for orphaned children. And we reach out in friendship with the truth of the gospel to Buddhist monks, Western expatriates, and tourists to Thailand.

**Our History:**

Our History: Christ found us in Chiang Mai Thailand, where we had run an AIDS charity for 8 years, without knowing His truth. We became Christians seven years ago. Our home church is Chiang Mai Fellowship Church, a Thai Assembly of God congregation. Two years ago we became missionaries with Mission to Unreached Peoples. I (Gareth) am originally from the UK but have lived and worked in Thailand for 14 years and speak fluent Thai. I am married. My Thai wife, Aree, and I have two daughters. We run AIDS and orphaned children's ministries, a slum outreach, and home fellowship groups that are attended by members of several Unreached people groups.

Recently we opened a home and training centre to disciple new believers and raise up and train leaders from the Shan, Karen, and other ethnic minorities to be church planters. Our curriculum for equipping leaders includes training in theology, evangelism outreach, preaching, church planting, how to play an instrument and lead worship, and how to lead fellowship groups. We provide training in biblical principles for developing and operating a small business; the biblical financial perspectives contained in Pastor Brian Kluth's Generous Life materials (<http://www.generouslife.info/>) and in the Crown Financial System. In addition, we plan to offer some instruction in English as a Second Language, and sustainable small-scale agricultural practices.
